## EDUCATION

**Bachelor of Science in Information Technology**  
STI College Carmona | 2021- 2024

## EXPERIENCE

**Internhip**  
*Unida Christian Colleges | Tech Support*

Unida Christian Colleges' business procedure for borrowing IT items was improved by implementing an automated email notification system utilizing Google Apps Script and Google Spreadsheets.

## PROJECTS

Spreadsheet Borrowing Email Notifications  
*April 2024 - May 2024*

Developed an automated email notification system using Google Apps Script and Google Spreadsheets to streamline the IT item borrowing process at Unida Christian Colleges, ensuring timely returns and improved tracking.

Mellowdy | Windows-Based SoundLearning Tool Application  
*March 2023 - January 2024*

Developed an interactive application utilizing C#.net, UX/UI design, Microsoft SQL Server, and Adobe Illustrator to help learners improve their sound recognition abilities, which improves engagement and learning results.

Off Record | Student Information System  
*January 2020 - March 2020*

Developed a comprehensive student information system utilizing Vb.net, UX design, and Microsoft SQL Server to improve the efficiency of student record administration at an educational institution.
