  tion

MARC ADRIAN
BERNALES

JR. FRONT END WEB DEVELOPER

PROFESSIONAL SUMMARY

I'm applying for a position of junior front-end web developer. I don't have a lot of experience, but I'm doing my best to contribute to this organization via utilizing my foundational skills to the best of my ability. I am currently working on improving my skills through online courses and to be able to create unique software solutions that fulfill the needs of clients. In addition, I spend time to self-improvement, focusing on improving skills in photo editing and vector arts for logo and UI/UX design.

EXPERIENCE

- July 2022 - September 2023

Network Administrator

Student Researh Center /

I created a design and implement a topology for 10 units including the server pc also having part of repairing and mantaining units and networks
